MACAU

Macau is a small territory on the southern coast of China. Administered by Portugal until 1999, it was the oldest European colony in China, dating back to the 16th century. The administrative power over Macau was transferred to China in 1999, and it's now one of two special administrative regions of China, together with Hong Kong. Besides historical Chinese and Portuguese world-heritage relics, Macau's biggest attraction is its gambling industry and casinos.
